NIC – 009

July 18, 2023

To: Local Presidents and Staff Representing AT&T NIC Members

Re: AT&T NIC Bargaining Report #1 – July 17, 2023

Sisters and Brothers,

We began face-to-face bargaining for a subsequent agreement for the NIC. Your committee is sorting through the voluminous information provided by the Company from our initial information request. The Union also passed twelve (12) proposals, so far, in which we are addressing wages, healthcare, job security and other improvements that have been communicated to us through the bargaining demands we received.

We met with the Company twice and will resume negotiations in the morning. We remain committed to getting a fair and just agreement for the membership.

In Unity,

The NIC Bargaining Committee
Brian Sawyer
Tony Shaffer
Daniel DeOsio
Eric Jones
